

REMARKS

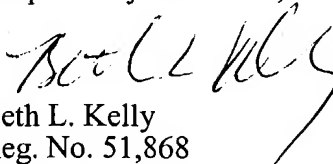

Applicants respectfully assert that a *bona fide* attempt was made to satisfy the requirements for the Sequence Listing that was requested in the Notification of Missing Requirements Under 35 U.S.C. 371 in the United States Designated/Elected Office (DO/EO/US) mailed July 23, 2002. For the convenience of the Examiner, enclosed are copies of the documents and a facsimile of the diskette mailed on December 23, 2002. This response was accompanied by a return postcard, but we have no record of a return postmarked copy being received by the USPTO. Therefore, we are sending a duplicate of the materials furnished at that time, and sending them to the new address as found in the Federal register published March 25, 2003.

Applicants request entry of this amendment in adherence with 37 C.F.R. §§1.821 to 1.825. This amendment is accompanied by a floppy disk containing the above named sequences, SEQ ID NOS:1-17, in computer readable form, and a paper copy of the sequence information which has been printed from the floppy disk.

The information contained in the computer readable disk was prepared through the use of the software program "PatentIn" and is identical to that of the paper copy. This amendment contains no new matter.

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 415-576-0200.

Respectfully submitted,

Beth L. Kelly
